PAVEL CHERKASHIN

Partnership Wrangler (Remote) • Ground-Up Revenue Channels • Cloud Marketplaces • Tech Integrations

San Francisco, CA (PT) / Remote | pavel@mindrock.capital | linkedin.com/in/pavelcherkashin | github.com/minutta | x.com/cherkashin

Operating Focus: *"Unlocking net-new revenue channels from the ground up for PostHog. Pragmatic, autonomous doer combining two decades of commercial partnership execution (Country Manager at Siebel Systems, founder/CEO of 500+ engineer systems integration firm Sputnik Labs) with hands-on technical fluency in open-source and developer ecosystems. Proven track record negotiating complex cloud marketplace private offers (AWS/GCP), standing up implementation agency ecosystems, and shipping co-marketing plays with modern tech partners (Vercel, Replit). Built for small autonomous teams, zero bureaucracy, and rapid execution."*

CORE PARTNERSHIP, COMMERCIAL & TECHNICAL CAPABILITIES

- **Ground-Up Channel Creation:** Architecting and executing entirely new revenue channels from day zero; establishing commercial terms, commission/referral splits, and co-selling playbooks without middle management.
  - **Cloud Marketplaces & Co-Sell (AWS / GCP / Azure):** Structuring AWS Marketplace listings, private offers (CPPO), and co-sell motions; streamlining enterprise procurement by burning committed cloud spend.
  - **Developer & Platform Integrations:** Technical fluency to negotiate and co-ship integrations with developer platforms (Vercel, Replit, Supabase, Segment) and modern data stacks (ClickHouse, Snowflake, BigQuery).
  - **Agency & Implementation Ecosystems:** Decades of experience leading systems integrators; structuring lean, code-driven partner enablement and first-build certification tracks tailored for developers.
  - **Commercial Negotiations & Deal Architecture:** Direct hands-on drafting, contract structuring, multi-party revenue-share models, and enterprise software legal/procurement cycles.

PARTNERSHIP, COMMERCIAL & SYSTEMS LEADERSHIP EXPERIENCE

Mindrock Capital & Autonomous Systems Mesh — *Managing Partner & Lead Architect* | 2020 – Present

- Architected autonomous agent orchestration mesh (`fleetd`, Model Context Protocol integrations, Linear API, GitHub CI) connecting multi-agent developer workflows with zero manual overhead.
  - Structured cross-ecosystem technology partnerships and commercial distribution agreements for AI infrastructure, data engineering, and developer tooling startups.
  - Negotiated enterprise software licensing, co-development terms, and IP distribution models with major institutional partners.

Founder Institute / Decile Group — *Venture Partner & Ecosystem Architect* | 2018 – 2024

- Directed ecosystem partnerships across global accelerator networks, startup communities, and VC syndicates, directly advising 100+ B2B software founders on GTM, marketplace dynamics, and channel sales.
  - Established co-marketing distribution flywheels, developer community sponsorships, and platform perks partnerships with AWS, Google Cloud, and enterprise SaaS providers.
  - Authored masterclasses on enterprise sales negotiation, partner contract structuring, and developer platform distribution.

Sputnik Labs — *Founder & Chief Executive* | Enterprise Integration & Implementation Agency

- Built and scaled Eastern Europe's #1 systems integration agency (500+ engineers), managing premier tier-1 implementation alliances with global enterprise vendors (Siebel, Oracle, Microsoft).
  - Negotiated and executed multi-million dollar implementation contracts, software distribution agreements, and complex custom integrations across the largest banks and telecom operators.
  - Authored the definitive university textbook on enterprise customer automation and data systems; trained hundreds of certified technical consultants and solutions architects.

Siebel Systems — *Country Manager & Enterprise Solutions Director* | Platform Alliances

- Built the regional channel and system integrator partner network from scratch, turning Big 4 consultancies and boutique implementation firms into the primary enterprise sales engine.
  - Negotiated strategic co-sell agreements and enterprise software contracts, delivering consistent triple-digit partner-attributed revenue growth across enterprise accounts.

EDUCATION, FOUNDATIONS & PARTNER CERTIFICATION PLAYBOOK

- **M.S. in Computer Science & Applied Mathematics** • Hands-on coding in Python, TypeScript, SQL, Git • Author of authoritative university textbook on Enterprise CRM & Automation Systems.
  - **Partner Certification & Enablement Playbook (First-Build Mandate):** Approaching PostHog's partner certification not as a legacy bureaucracy, but as a lean, developer-first first-build track: open-source reference implementations, ClickHouse/PostHog integration sandboxes, and self-serve technical verification badges.
